

# Passier lambskins now also in Black: horse-friendly and classy!

New, comfortable and elegant: the vegetable-tanned lambskins from Passier are now also available in the color Black.

**Lambskin Pad:** The anatomically-shaped, hard-wearing pad with highly therapeutic benefits is shock absorbing and effectively prevents formation of pressure points therefore making it perfect for horses with sensitive backs. It also promotes circulation and alleviation of tension. The underside of the pad consists of lambskin with 25 mm (1/10") deep pile. In addition to the natural lambskin color the pad is now also available in elegant Black, matching the cotton outer!

**Lambskin Saddle Girth Cover:** The removable Lambskin Saddle Girth Cover for the PASSIERBLU Wave Saddle Girth makes the girth even more comfortable for the horse. The two flaps and the Velcro fasteners prevent the lambskin from slipping and keep it in place and where it belongs! The lambskin is available in Natural and now also in classy Black, matching the Black of the leather of the girth!

**Good to know:** The Lambskin Pad is available in sizes M and L, the removable Lambskin Saddle Girth Cover for the PASSIERBLU Wave Saddle Girth is available in lengths of 50 to 80 cm (20" to 32"). The lambskin products can be washed at 30 °C using a detergent suitable for lambskin.

All lambskin products in Natural and Black are available from selected Passier stockists. You can easily find Passier dealerships in your area with the Store-Locator at [passier.com](http://passier.com).
